We will look at the site and if it fulfils our criteria, we will review it. FlightGlobal is the global aviation community's primary source of news, data, insight, knowledge and expertise. We provide news, data, analytics and advisory services to connect the aviation ... The Airbus A350 XWB is a family of long-range, twin-engine wide-body jet airliners developed by European aerospace manufacturer Airbus. The A350 is the first Airbus aircraft with both fuselage and wing structures made primarily of carbon fibre reinforced polymer. Its variants seat 315 to 369 passengers in typical seating layouts. The A350 is positioned to succeed the A340 and to compete with ...
