

Download Personality In Adulthood Second Edition A Five Factor Theory Perspective

"The first edition of Personality in Adulthood was a landmark in the presentation of the Five-Factor Model. The second edition builds on that contribution and presents the most current formulation of the theory and supportive research. Particularly noteworthy is the attention given to cross-cultural studies."The first edition of Personality in Adulthood was a landmark in the presentation of the Five-Factor Model. The second edition builds on that contribution and presents the most current formulation of the theory and supportive research. Personality in Adulthood: A Five-factor Theory Perspective. Now in a revised and expanded second edition, this influential work argues for the enduring stability of personality across adult development. It also offers a highly accessible introduction to the five-factor model of personality. Critically reviewing different theories...Personality in Adulthood: A Five-Factor Theory Perspective. Robert R. McCrae, Paul T. Costa Jr. This influential work examines how enduring dispositions or traits affect the process of aging and shape each individual's life course. From two well-known authorities in the field, the volume is grounded in a growing body of empirical evidence.
