This page is a resource for Doctor Wheeler's students in composition and literature. The page contains a list of logical fallacies from the Western European tradition of philosophy, and the intended audience is writing students taking freshman composition classes. The page is still under construction and I will be adding to this website over the term. Every year almost 100% of public school students begin an instrument through their school's music program (if a program exists). One or two years later, more than 50% of students quit; unable to enjoy all that music education has to offer for the rest of their K-12 schooling, if not beyond. This page has collections of music for clarinet (with piano in some cases and organ in one) and collections of clarinet duets. Some of the books here are frequently used by clarinet students. You may need to make accommodations for some and modifications for others. Providing for the needs of special education students will certainly be one of your greatest challenges as a professional educator.
