

Download Powermore Ohv Engine Manual

This Troy-Bilt Front Tine Tiller is perfect for preparing flower beds, weeding small areas and mixing in fertilizer and soil. The 208cc Powermore OHV engine and 12in. steel tines stand up to the toughest jobs and heaviest soil. OHV engines weigh less than comparable 4-cycles engines, are easier to move and create more power to run smoother. This Yard Machines Push Lawn Mower is perfect for smaller residential yards. It uses a 132cc Powermore OHV engine that weighs less and gets better fuel efficiency than other engines. Plus, it has a small frame with durable 20in. steel deck, so it's easy to get into tight corners. The manual height adjuster lets you cut at different heights quickly and easily. Keep your engine running at its peak performance by replacing your oil filter at regular intervals. Replacing your oil filter at regular intervals protects your engine from small particles that can rob engine performance or cause damage. Clearing snow doesn't get any easier. With a 243cc OHV PowerMore ® engine, a 6 forward / 2 reverse drive system, and 15-inch x 5-inch X-Trac tires this snow blower goes right through even hard packed drifts. Polymer skid shoes and clutch lock operation control make your job even easier.
