Our Personal Narrative, Expository, and Persuasive prompts are phrased and formatted to match the STAAR released tests. Passages include numbered sentences that aid the student when answering items, and all passages and items are formatted to look just like the STAAR. The State of Texas Assessments of Academic Readiness (STAAR) tests were designed to measure how well students have learned the knowledge and skills described in the Texas Essential Knowledge and Skills (TEKS), the state-mandated curriculum standards. Public school students in Texas take STAAR tests beginning in 3rd grade and continuing through high school.
