

Download Unimac Dryer Technical Manual

UniMac industrial stack tumble dryers for commercial and on-premises laundries deliver all the performance and cost savings that standard dryers offer while adding 60 or 90 pounds of rated capacity in the same amount of floor space. F.L. Costello & Co are the sole suppliers of Speed Queen and UniMac commercial laundry equipment and services in New South Wales, Western Australia and the Australian Capital Territory. Find out more about these products. How do you change price on coin operated washer model CAE2743BQO - Answered by a verified Appliance Technician You will need to contact BRIM Machinery located in Dallas, TX. They acquired all the technical property from the auction when Washex closed. They have already introduced some models of updated Washex machines back to the market.
